THE LITTLE GARDEN NURSERY

SAN JOSE · CALIFORNIA

PLANTS AND SHRUBS

Pink Ceceille Brunner Rose Vine

Classic fragrant, soft blush-pink blooms on sturdy climbing canes. Small, delicately pointed buds open to fragrant, light pink, double blooms in large sprays. An ever popular climber for a trellis or arbor in cottage or country gardens. Deciduous. Heaviest frangrant blooms in spring; scattered rebloom to fall

What you get for your money

A healthy potted 25 gallon plant. The pot is about 35 inches across. It has been thoughtfully trimmed and mulched to help develop a healthy root system for the upcoming season. That is why it does not have flowers today.

Symbolism & Meanings

Represents purity, innocence, remembrance, and sympathy.

Care

Full sun, deep watering 1-2 times weekly, rich composted soil. Keep on clipping flowers to produce more and more blooms during blooming season. If you prune all the excess growth and keep only the main canes in winter, the vine will profusley bloom next season. Thats a gift that will never stop giving

What you get in other nurseries

A similar climbing rose in a 6-inch pot is listed for around $80. Prices and availability may change.
